

Intro. to Diff. Devl. Library

[Most famous DL lib. is Pytorch.
Develop by Meta
in FAIR lab, one of the co-founder
of this lab is Yann LeCun. → AI research.
↓
Indian (Samir Chentab)
→ creator of
Pytorch

Pytorch has tensor
has modules / sub-modules

★ In python, we have 64 bit numbers
but torch tensor is 32 bit number by default
to convert to 64 bit use `double()`
